

Iron County Register

Entered in the Post Office at Ironton, Mo., as Second Class Matter.

VOLUME 11. NUMBER 29

Ironton, Missouri,
THURSDAY, OCTOBER 18, 1917

LOCAL BREVITIES.

Wheat sowing.
Teachers' meeting at Des Arc Friday afternoon.

Get your Flavo Flour free at the Picture Show next Tuesday.

Jos. H. Haven, at Graniteville, wants twenty wood-choppers.

Circuit court convenes next Monday. The docket is printed on this page.

Four rooms, furnished, for light housekeeping. Apply to Mrs. C. D. Alexander, Ironton, Mo.

Read on the first page of W. D. Fletcher's public sale of stock at Bellevue, Saturday, October 27th.

Red Cross entertainment at the Academy of Music, Monday evening, October 29th. Particulars next week.

We are indebted to our old friend, Mr. Wm. H. Delano, for a bushel of excellent pears presented to us last week.

Lost—Sunday, October 14th, a gold brooch, crescent and flower with small diamond. Return to this office and receive reward.

Several hundred men have been "laid off" at the mines at Flat River this week, owing, it is said, to a decline in the price of lead.

Rev. N. B. Henry Monday brought to this office a monster beet—weighing, with top, nine pounds and three ounces—grown in the parsonage garden.

Florence Labadie in "His Life and Hers," "The Iron Claw," No. 8, "Jerry on the Job," cartoon comedy, and "Pictorial Sports in Manila and the Philippines" Thursday.

Mr. Otto Lueddecke, Iron county's expert and scientific fruit grower, near Pilot Knob, "cleaned up" on apple premiums at the Piedmont Tri-County Fair last week.

Local fans manifested much interest in the New York and Chicago World's Championship ball games the past ten days. Sentiment, locally, seemed pretty well divided.

Wanted to Exchange—My cottage and two lots in Kansas City, Kansas, for house and lots in Pilot Knob. For full particulars address Mrs. Ellen Powers, 813 Hathaway street, Cincinnati, Ohio.

Robert Patton was here a couple of days last week from Eldorado, Kansas, one of the booming oil towns. Bob says business is humming out there. Plenty of work for everybody at good wages.

Sheriff Blum was summoned to Doyle in the west end of the county Sunday to investigate reported cases of small pox there. On his arrival at Doyle the sheriff was informed by the attending physician that he had diagnosed the disease as chicken pox.

Our weather the past few days has been quite warm. In marked contrast to last week. Last Friday night the low point was 16; the high point Tuesday was 87. Quite a change in three days. It is very dry and a good rain would be most welcome.

Mr. A. O. Light of Munger has purchased from the heirs of the late Jno. Newman the dwelling just south of Dr. Marshall's home. Consideration, \$700. Mr. Light recently bought seventeen acres of land, east of the city limits, from Judge H. B. Jones.

Mr. D. W. Wilkinson has leased the New Commercial Hotel for another year and will continue to have charge of that hostelry. He expects to take charge of a hotel in Fredericktown the first of the year but does not intend to leave Ironton at that time.

Married—At Ironton, Mo., Sunday, September 30, 1917, Monte Eaton of Blumrock and Laura S. Jones of Graniteville. Also, at same place, Saturday, October 13th, Cecil Swafford of Flat River and Julia Ruth of Mann. Esquire Rasche officiating in both instances.

Dogs have been "doing their bit" quietly in the trenches and on the battlefields of Europe since the war began. They are being sent from the best kennels to be trained for this service. Miss May Thomson has recently sent one of her fine collies from Arcadia kennels.

The three daughters of Mr. and Mrs. E. C. Tual, of Arcadia, all won premiums in the needlework exhibit at the Piedmont Fair last week. Miss Eugenia was awarded first premium for the best hem stitched handkerchief; Miss Hazel, second premium. Miss Julia captured the second premium for quilting.

Carter Blanton, who lives on A. Roehry's farm on Marble Creek, about ten miles south of Ironton, last Thursday presented us with a peck of as fine Irish potatoes as we ever saw. They were of the Burbank variety and fifteen of them weighed 13½ pounds. Mr. Blanton tells us he has quite a lot them.

Recorder Hawkins issued the following marriage licenses the past week:
Mack Brakeloff and Frankie Jarvis of Goodwater.
H. U. White of Fredericktown and Rena Remands of Des Arc.
Cecil Swafford of Flat River and Julia Ruth of Mann.
C. W. Jackson and Pearl May Loyd of Goodwater.

No. 6, south-bound train at night, is now due at Ironton at 11:10—ten minutes earlier than formerly. That is the only change in local service in the new time card which became effective Sunday. The persistent rumor

that trains Nos. 31 and 32 would be run to and from Fredericktown instead of Hogan was without foundation.

On our first page will be found an article taken from the St. Louis Post-Dispatch, telling of the arrest of H. B. Krenning, one of our valley citizens, in St. Louis last week, on a charge of disloyalty. In times like these it is very much to be regretted, indeed, that our valley harbors a single person against whom such a charge can be preferred.

Frank Dettmer, who for sixteen years has been employed in the mines at Flat River, visited his family at Pilot Knob this week and was a caller at the REGISTER office Monday. Mr. Dettmer recently purchased the former home of his late father, Adolph Dettmer, in Pilot Knob. Some day he expects to quit mining and will devote his time to his farm, near Pilot Knob.

As contemptible an act of vandalism as our attention has been directed to in a long time was committed in Ironton last Saturday night. Some one, using a hammer or some similar instrument, made a hole, probably two feet square, in the concrete drive way leading into the garage in Fletcher & Barger's new building. It is hard to conceive the composition of a person who could be guilty of such a dastardly act.

The Missouri Fish Commission passed through here last Friday in their delivery car. A committee of local citizens met the train and received a nice lot of young fish—principally bass, and they were planted in Lake Killarney the same day. This is the fourth allotment of fish planted in the lake during past three years. Now for a rigid enforcement of the law in order that there may be fishing for all in a lawful way.

Mr. Delano says that the October weather this year has been the coldest of which he has any record. Last Friday night the low point was 16 degrees. The nearest approach to this in October was in 1910 when on the 29th of the month—more than two weeks later—a low point of 18 was recorded. Mr. Delano thinks that a cold fall and early winter will probably be followed by mild weather in January and February.

The car of the Missouri Fish Commission, on passenger train No. 23, left 4,000 fish at the Ironton station last Friday, which were placed in Lake Killarney, in the Shut-In, that afternoon. The fish came from the state hatchery in St. Louis; most of them were bass, but there were some perch and croppie among them. If not molested for a year or so they will afford fine sport. A shipment from the federal hatchery at Neosho, Mo., will probably be received soon.

It is reported here that Burwell Fox, Jr., left Potosi on October 23 to answer the draft call from Cape Girardeau, was married at that place on Wednesday last, leaving his bride the following morning in response to his country's call. We have not learned who the bride is, other than she holds the position of librarian at the State Normal at the Cape. The Missouri "Blue Book" gives this librarian's name as Sadie T. Kent, and that she is drawing a salary of \$90 per month—Potosi Journal.

The class which has been taking instruction in making Red Cross Surgical Dressings has finished the course, and took their final examinations on Monday. These ladies are now ready to pass on the knowledge they have gained to others. The demand for these Surgical Dressings is so urgent, that there is need for every woman to do her utmost. We hope the Red Cross Chapter of Iron County will do its full part. This can only be accomplished by the hearty co-operation of everyone. We have given our boys; let us not fail to do all we can for their care.

The county court last week made arrangements with Mr. Joseph O'Dell, of Ellington, to survey the proposed State Highway route from Arcadia to the south end of the county. Mr. O'Dell started on his work, but last Saturday when he attempted to make the survey through Hogan on the west side of the railroad track he was stopped by some of the citizens of that community who insisted that at the August term of county court here all parties had agreed that the road should be on the east side of the railroad. Mr. O'Dell ceased from his labors awaiting further orders. Saturday County Clerk Huff received a letter from State Highway Engineer, Mr. Graham, stating that a delegation of about thirty citizens from Iron and Wayne counties had appeared before the State Highway Commission protesting against the location of the State Highway through said counties as announced by the State Highway Engineer. In view of this fact it had been determined by the Board to make an investigation and the purpose of the letter was to ask the court to take no further action until further advice was received from Jefferson City. And so the matter stands. All parties agree that it was the understanding at the August term of county court that the road should be on the east side of the railroad at Hogan. Mr. J. B. Holloman of Hogan was here Monday night and stated that the people of that community were greatly incensed at the duplicity that had been attempted and, in consequence, he and many of his neighbors intended to use their utmost efforts to have the State Highway located on the Marble Creek Orange Pond road.

Circuit Clerk Hawkins attended the Tri-County Fair at Piedmont last week, with a couple of horses. Re-

turning home Friday evening, driving one horse and leading the other, he had a rather exciting experience. The road north of Hogan, ascending the mountain, runs through a cut, bounded on both sides by banks two or three feet high, and is only good wagon width. About two-thirds way up the mountain an auto holding two men passed him, painfully chugging its way to the top. Hawkins knows all about automobiles and it was evident to him that the engine of the one just passing was not working as it should, but this was no concernment of the horseman and he came on his way homeward mentally occupied with the prizes his horses had won and the warm supper awaiting him. But he was aroused from his pleasant cogitation by a yell from the front. Looking back, he beheld the auto coming full tilt, evidently beyond its driver's control. The roadway was narrow and hemmed in by banks on either side. Escape for the horseman seemed impossible, but his energy rose to the occasion. Lashing both horses they jumped over the embankment landing in the brush on the roadside, with the cart hanging to a sappling, just as the auto dashed by at express train speed. Then our horseman retraced his way and at the foot of the hill found the gas-wagon and its two occupants somewhat excited but uninjured. The brakes of the car, at the critical moment, when the crest of the rise was but a few yards distant, refused their offices, and the hasty descent followed. The driver held it to the road, however, and a few hours later all the parties to this incident arrived safely in the metropolis of the county. Jesse says, "Horses for me, every time."

NOTICE.

We have a full line of Stoves, Stove Pipe, Boilers, Etc., we bought before the present high prices, and are giving our customers the benefit of our low prices.

LET US SHOW YOU!
MADIGAN & WHITWORTH.

PERSONAL.

A. Damman of Brule was a caller Monday.

W. W. Reese was in Redmondville last week.

Mrs. Henry Sutton of Gloyer was a caller Monday.

Ben Gulse of near Pilot Knob was a caller Saturday.

W. M. Lawson of Bellevue was a caller last Wednesday.

Miss Clara Albert has been visiting in St. Louis the past week.

Miss Lydia Broadwell, of East St. Louis, is visiting in Ironton.

Geo. W. Register is home from a two weeks' stay in the Lead Belt.

Mrs. W. T. Gay and Miss Belle Muffley went to St. Louis Tuesday.

H. B. Krenning and party of friends motored from St. Louis Saturday.

Mr. and Mrs. W. R. Edgar, Jr., went to St. Louis Monday morning.

Mrs. F. P. Ake and Ed Philip and Mary Sathine are in St. Louis this week.

Mrs. M. A. Gay and Mrs. J. L. Baldwin are visiting in Little Rock, Arkansas.

Mrs. Wm. Trauernicht returned home Sunday night from a week's absence in St. Louis.

Otto Lueddecke and son, Louis, of Pilot Knob, motored to the Piedmont Fair Thursday.

W. R. Kendall and family of Poplar Bluff were guests of relatives Saturday and Sunday.

Mr. and Mrs. J. M. Scott and son, Willard, of St. Louis, visited relatives in Arcadia last week.

Miss Florence Rutledge of St. Louis is in Ironton, visiting her uncle and aunt, Mr. and Mrs. R. A. Rasche.

Messrs. James Evans and G. W. Sutherland of Arcadia spent several days at the Piedmont Fair last week.

Dr. and Mrs. Barnhouse went to Poplar Bluff Sunday to spend a couple weeks with their daughter, Mrs. Roger Wilbourn.

Robert Edison, the distinguished actor, in "Mortmain," comedy, "Hash and Havoc," featuring Hughie Mack, and Ford Weekly Saturday.

Baptist Church.

For the past eighteen months my work in connection with the Old Folks' Home has been so heavy that I have been able to give but a small part of my time to the church, preaching only every other Sunday. In view of this fact, I have recommended that the church make an effort to secure a pastor who could preach every Sunday and give all his time to the work of the church. Accordingly, the church has invited Rev. D. H. Howerton, of New Liberty, Ky., to preach for us next Sunday, October 21st, morning and evening. It is very desirable that all the members of the church be present next Sunday that they may see and hear Mr. Howerton, and that he may see the church. We want him to be favorably impressed with us that he will want to come to Ironton, should the church call him to its pastorate. The public is also invited.

MILFORD RIGGS, Pastor.

For Sale—House and lot on Main street, property formerly belonged to the late Mary E. Hughes. For particulars enquire of E. L. Newman, Ironton, Mo., or Jas. G. Newman, at Gay & Kindell's store, Ironton, Mo.

Methodist Mention.

Sunday was a good day for automobile riding and for poor sermons.

For the benefit of Methodists having poor memories it may be stated that there is prayermeeting at Fort Hill and Union every Wednesday evening at 7:30, where all comers will receive a hearty welcome.

The monthly business meeting and social for the Epworth League will be Friday evening. All Leaguers come and bring a friend.

School Notes.

The conduct of the students in the high school for this first six weeks has been exceptionally excellent. Those receiving excellent in deportment are:

Esther McKinney, Flora Signer, Bernice Bramhall, Ruth Smith, Iola Patterson, Mary Rudy, Stella Thompson, Alice Price, Halile Townsend, Emma Townsend, Joseph Chilton, Henry Adolph, and Warren Johnson.

All parents are requested to see that the grade cards are promptly returned.

An invitation is again extended to all to attend the Junior class programme next Friday afternoon at 1:15 P. M.

We note with regret the late death of Dr. Abner Jones, of the University of Missouri, who lectured here last year to patrons and students of the Ironton High School.

The boys' basketball team of Ironton High School, played the Caledonia team at Caledonia, last Saturday afternoon. The score was twenty-nine to nine in favor of the Ironton team. The Caledonia team has good material for future "stars," and, as a whole, displayed some creditable team work in the game with Ironton. Paul Keith was substitute guard for Ironton in the last half and showed good form. We neglected to mention in our account of the Leadwood game that Paul Calvert was a substitute guard for Ironton, in the last half, and exhibited an engaging ability to "hang on" to the ball.

The girls of the Seventh and Eighth grades have purchased a volleyball and are playing on the grounds adjoining the school. The boys of the Third to Eighth grades have purchased three indoor baseballs and are busy playing on their own territory.

Twenty Wood Choppers Wanted.

I desire to employ twenty wood-choppers—\$1.25 a cord and pay every two weeks. Would need not be corded. Apply at once.

Jos. H. HAVEN, Graniteville, Mo.

Read the Picture Show's ad. this week. It will reduce the high cost of living.

The Lutheran Church.

Divine services next Sunday, October 21st, will be as follows:

At Pilot Knob, Sunday School at 2:00 P. M. Sermon at 2:30 P. M.

At Ironton, Holy Communion at 7:30 P. M.

All interested in our services are invited to attend.

H. C. HARTING, Pastor.

FREE!

A Five-Reel Photo Play, Featuring

FRANK KEENAN

—AND—

"His Last Scent,"

Featuring

FRED MACE

Admission, 10c and 15c

Iron County Liberty Loan Campaign.

Des Arc, Mo., October 13, 1917.

To the Citizens of Iron County.

The authorities at Washington have set aside October 21st, as Liberty Loan Sunday throughout the entire nation. I wish to urge the people of Iron County to take part in this celebration and make it all the country deserves.

I have been requested to make the following arrangements:

1st. That the "Star Spangled Banner" and "America" be sung during the services, and that the "Star Spangled Banner" be sung by the congregation in every church in the county at 11:15 A. M. I will have a supply of printed leaflets containing the "Star Spangled Banner" and "America" and will forward to any one dropping me a card requesting same.

2d. That every church bell in the county be tolled for ten minutes on the morning of the 21st.

3d. That all ministers and priests throughout the county preach Liberty Loan sermons on that day. I will have a number of printed copies of a brief sermon by an eloquent divine which contains valuable subject matter in the way of exact data and suggestions for service of this kind. I will be glad to forward to any minister who will drop me a card.

As you are already aware, October 21st has been designated by President Wilson as Liberty Day. Let us arrange to have meetings in every school district in Iron County on the afternoon of this day and show that we are willing to risk our all to bring this war to a victorious termination. I ask every patriotic citizen to co-operate with me in seeing that the above program is carried out.

Several of our boys are already in France and there are several more soon to follow. We should let them know that we are willing to back them with our last dollar. Iron County's quota of the second issue is \$50,000.00 and I would like to see this amount over-subscribed. You can enter your subscription at any bank in the county.

Yours truly,
H. G. HANCOCK,
Chairman Iron County Liberty Loan Campaign.

FOR SALE—A number of high grade Hartford Male Calves—4 to 6 months old. Apply to J. H. Long, Bellevue, Mo.

Liberty Loan Day.

The Woman's Liberty Loan League, to which every woman in the United States is eligible to membership by the purchase of a Liberty Bond, was inaugurated in Washington to-day by the Woman's Liberty Loan Committee.

"Every woman in the nation may do patriotic service," said Mrs. McAdoo, "by helping in the sale of Liberty Bonds. It is not possible for every woman to buy a bond, but it is possible for every woman to help in the sale of a bond by calling the attention of those of her acquaintances who are able to make the purchase to the necessity of aiding our Government by the loan of this money. Such service entitles a woman to membership in the Woman's Liberty Loan League, which is woman's way of serving the country at this critical time."

We want every Church bell in Missouri to be rung for ten minutes at ten o'clock, October 21st, and want every minister of the gospel, irrespective of creed, to tell his congregation about the Liberty Bonds, and call on their patriotism.

Your community is requested to burn Liberty Fires on one night in the week previous to October 27th, to symbolize America's keeping alight the fire of Liberty throughout the world.

ATKINS WOODEN
ST. LOUIS, MO.
We have a large stock of wooden ware, such as barrels, tubs, buckets, etc., and are selling them at a low price. We also have a large stock of wooden ware, such as barrels, tubs, buckets, etc., and are selling them at a low price.

Des Arc Items.

I was out on the Missouri Southern railroad last week. General Manager Frederick has a large banner tacked on both sides of his baggage cars, with these words, "Our boys are now fighting for U. S. Bring them back by subscribing to the Liberty Bond Loan!" Mr. Frederick took Gov. Gardner in a special car from Leeper to Hanker and back. He was highly pleased with the Governor's speech. Mr. Frederick always has been a strong Gardner man and voted for him, notwithstanding he is a Republican.

Will Seals, with some of our business men, motored to Piedmont last Tuesday to hear Gov. Gardner.

I attended the Piedmont Fair last Thursday. I must say it was far beyond my expectations. The stock exhibit was not as large as it should have been, but was good. The school exhibit was fine—better than I have seen at any fair this fall. I was at Sikeston and the Cape, but saw nothing to compare with the Wayne county exhibit. The floats in the parade were splendid, especially in the 12th grade. The aero-plane drew large crowds, so many farmers' children and others there who had never seen one before. It was a real treat to them; he turned four times in the air. It gave us an idea of how our aviation soldiers will fly in foreign lands. The fair was truly a home-coming. You saw people there you had not seen for years. I met my friend, Eli Klotz, who never fails to attend the fair, also Hon. J. H. Boney. They tell me that he and O. L. Munger both made fine talks to the people. I think a fair far preferable to a chauntanga (the rich man's show).

I am in receipt of a paper from Mrs. R. A. Clarkson, of Fort Smith, Arkansas, giving an account of the 100th anniversary of Ft. Smith. It was founded in 1817 and is now quite a city. Mrs. and Mrs. Clarkson lived at Annapolis several years and moved from there to Fort Smith. Mr. Clarkson was an old comrade of mine; we fought under the same flag and followed Lee and Jackson through many hard battles. We spent some happy days together.

Sorry to hear of the death of A. D. Williams, formerly of Des Arc and once judge of our county court. He recently made his home at Des Arc and was the father of engineer Ed Williams. He and his wife were very near friends of ours. He was fatally injured by falling from a street car in St. Louis a couple of weeks since. May the Lord comfort and bless his wife and children!

Quite a number of Nazarene ministers attended the Assembly at Menden last week. The delegates attending from here were: Mrs. Bertha Stevenson, Mrs. John Reed, Miss Ora Lovelace and Mrs. John Farris.

Mrs. Bessie Lovelace and daughter from Doniphan spent Sunday here.

G. W. Wallis, Ed Schmidt, Alvin Wallis, Leonard Morris and daughter, Bernice, attended the fair at Piedmont last week.

Miss Jessie Huff spent Sunday with friends at Piedmont.

Oscar Ruble and wife, R. H. Stevenson and son, Homer Smoot, and Miss Ella Johnson were visitors at the fair last week.

Dr. N. A. Frrr and wife were called to Piedmont Sunday to see Wm. Farr, who is very low. His brother, James, from Buncheon, Mo., is at his bedside. There is very little hope for his recovery.

Judge L. L. Schmidt and wife and two children started in their car Monday morning to visit their children at Salem, Mo., and St. Louis.

Ed Maddock from Hoxie, Arkansas, is visiting his mother.

Miss Lora Tolleson spent Sunday with her parents at Graniteville.

Jack McFall spent Sunday here with his family.

John Kelley took his fine horse to the Piedmont Fair and returned with two ribbons—a blue and a red.

Mrs. Luther Daniels and children, Jas. Hing and wife, and Mrs. H. G. Harrison and children attended the fair.

E. M. Angel and wife motored from Piedmont Sunday.

John Howard and H. G. Harrison were visitors to the fair Friday.

The revival at the Baptist church began Friday night and large crowds are attending the meetings. IEAC.

Lueddecke's Apples Win Premiums.

Editor Register—We are informed that our apples took seven first and one second premium at the Piedmont Tri-County Fair last week. In fact, on every variety, but one, which we exhibited, and which had premiums offered, we had first premiums, and on one the second.

LOUIS LUEDDECKE,
P.O. Box 200, Des Arc, Mo., Oct. 14, 1917.
